

Great Educational Technology Solves Real Problems

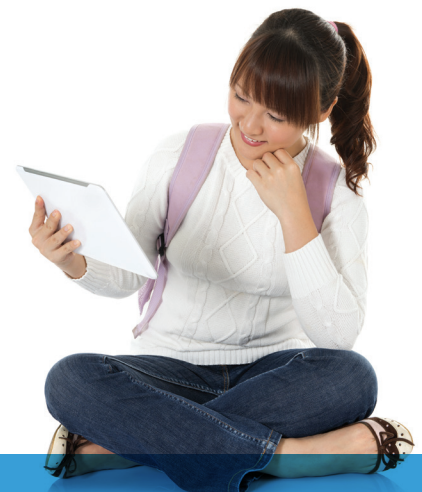

Ensure each student has the opportunity to reach their full potential by educating your staff on how to incorporate technology into their classroom effectively. Our Customer Success Services team has extensive experience in working with schools and districts to develop a successful implementation plan and augment instructional strategies for reading, comprehension, and knowledge demonstration.

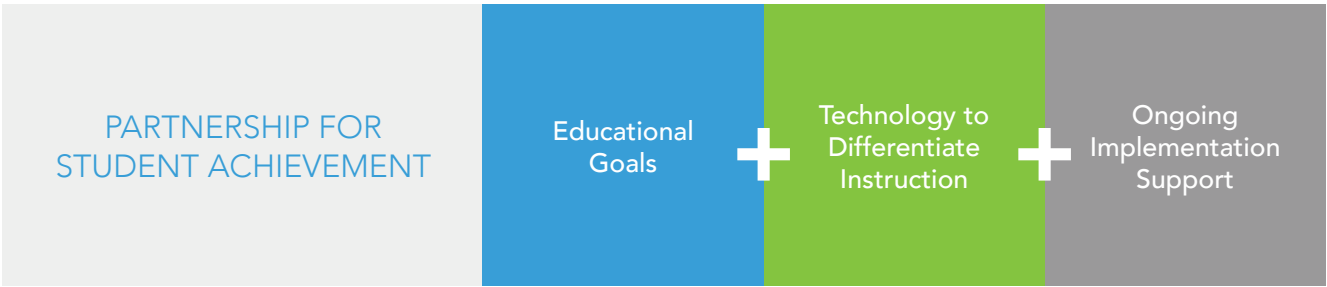

Kurzweil Education's Customer Success Services team is comprised of educators who are experts in literacy, universal design, assistive technology, and educational technology integration. They can help you with:

- Differentiating instruction
- Curriculum enhancement
- Universal Design for Learning
- Building internal capacity

"The workshop gave me the skills to start using the templates right away. I will be able to do everything that I learned."

*Janet Hobbs, Teacher,
Albuquerque, NM*
